

LUMINOSO
Bright Innovations, Smart Solutions

ABOUT COMPANY

At Luminoso, we don't just light spaces — we bring them to life.

We believe good lighting does more than illuminate. It improves focus, lifts mood, and defines atmosphere. It's a key element in how a space feels and functions. Our approach blends smart technology with simple, elegant design. We start with the vision, then engineer the right solution to make it real.

The result? Intelligent, seamless environments where light works beautifully and effortlessly.

LIGHTING SOLUTIONS:

Hospitality:

Design and supply of elegant, functional lighting solutions for hotel lobbies, guest rooms, and public spaces, enhancing both aesthetic appeal and guest experience.

Communities:

Development of tailored lighting systems for residential communities, including street lighting, park lighting, and shared spaces, promoting safety and ambiance.

Residential:

We design lighting that feels like home — unique to each villa, seamlessly blending with your interiors and smart home systems to create a space that truly reflects you.

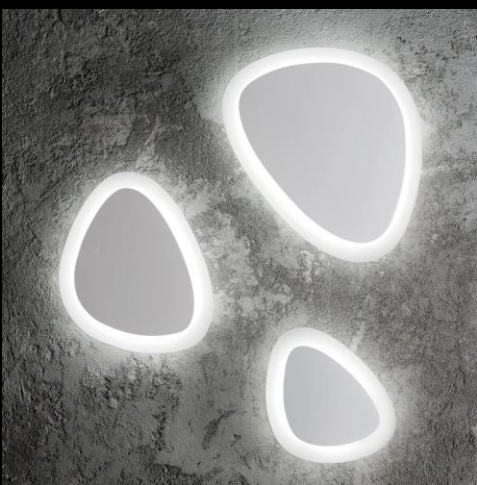

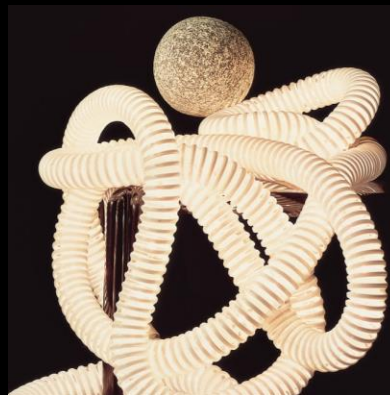

Exterior (Landscape & Façade):

From gardens to facades, we craft outdoor lighting that brings spaces to life at night — highlighting architecture, adding atmosphere, and making a lasting impression.

Lighting Control System

ADVANCED AUTOMATION & CONTROLS SYSTEMS:

Smart Home Integration:

We bring homes to life with smart automation — from lighting and blinds to climate and security. Everything works together seamlessly to create comfort, control, and effortless living.

Commercial Automation:

Smart solutions for smarter spaces. We integrate lighting, AC, and security into one streamlined system, making commercial environments more efficient, secure, and easy to manage.

PROJECT CONSULTATION AND MANAGEMENT:

Design Consultation:

We work closely to understand the vision, creating custom lighting and automation solutions that fit the style and needs — whether it's a single home or a large project.

Project Management:

From start to finish, we take care of everything to ensure the project runs smoothly, stays on schedule, and fits within the budget.

MAINTENANCE AND SUPPORT:

Ongoing Support:

Our commitment doesn't end at installation. We provide reliable support and maintenance to ensure systems continue to perform at their best, year after year.

Advanced Solutions:

As technology advances and project needs evolve, we offer thoughtful upgrades and retrofit solutions to keep systems current, efficient, and aligned with long-term goals.

What Sets Us Apart

We believe luxury is about feeling truly at home in your space. That's why we blend thoughtful design and smart technology in a way that's easy, beautiful, and made just for your needs.

Commitment to Our Clients

We're here to listen, understand, and bring your vision to life — every step of the way. We care about the details, the timing, and, most of all, making sure your project and vision are our top priority.
