ABOUT US

Identity

LUMINOSO

At Luminoso, we don't just light spaces — we bring them to life.

We believe good lighting does more than illuminate. It improves focus, lifts mood, and defines atmosphere. It's a key element in how a space feels and functions. Our approach blends smart technology with simple, elegant design. We start with the vision, then engineer the right solution to make it real.

The result? Intelligent, seamless environments where light works beautifully and effortlessly.

OUR COMPANY

Services

01.

SECURITY CAMERAS
& ACCESS CONTROL

We bring spaces to life with intelligent automation.

Experience greater comfort, effortless control, and a seamlessly connected lifestyle.

By integrating lighting, climate control, security, and smart technologies into one intuitive platform, we create intelligent environments that enhance convenience, improve efficiency, and simplify everyday living.

02.

HOME AUTOMATION &
LIGHTING CONTROL

Every project begins with understanding your vision. We design bespoke lighting and automation solutions tailored to your lifestyle, aesthetic preferences, and project requirements. From concept development and technical design to installation and commissioning, we manage every stage with precision—ensuring exceptional quality, timely delivery, and seamless execution.

03.

SMART SWITCHES
& WIRING

Our commitment extends far beyond project completion. Through reliable maintenance, responsive technical support, and future-ready upgrades, we ensure your systems continue to perform at their best. As technology evolves, we help keep your spaces efficient, secure, and intelligently connected for years to come.

WHAT SETS US APART

We believe luxury is about feeling truly at home in your space.

That's why we blend thoughtful design and smart technology in a way that's easy, beautiful, and made just for your needs.

We're here to listen, understand, and bring your vision to life — every step of the way. We care about the details, the timing and, most of all, making sure your project and vision are our top priority.
